

BARRINGTON BRYAN

President & Co-Founder – Safe Harbour International

Barrington Bryan's life has been one of preparation and service. As the second of nine children, his early years taught him responsibility, teamwork, and leadership. His journey has included athletic pursuits, service in the U.S. Navy, public service roles, and missionary work—experiences that shaped a deep compassion and responsiveness to the needs of others. A man of diverse abilities, Barrington has gained experience in music (as a drummer), automotive technology, real estate, business, e-commerce, stock trading, and project management. Gifted by God with patience, vision, and perseverance, he is passionate about creating systems and solutions that bring efficiency, clarity, and practical help to those in need. He developed and actively participated as a coach in a successful soccer program that provided wholesome activity, mentorship, and fellowship. His leadership has also extended to facilitating a Christian men's fellowship and serving in numerous community and ministry initiatives.

Additionally, Barrington served for several years in his church's Children's Ministry—first as an assistant teacher and later as a main teacher—helping children understand biblical truth, Christian character, and the love of God.

He believes strongly in living by example, discipleship, and pursuing excellence grounded in God's truth. Barrington holds a bachelor's degree in Finance and Christian Counseling. Together with his wife, Carol—his partner in life and ministry—they have raised three sons and are blessed with a daughter-in-law and two granddaughters. As President of Safe Harbour International, Barrington is dedicated to serving orphans, widows, and families with integrity, protection, and opportunity—always seeking God's guidance in fulfilling this calling.
